The All-California Labor Economics Conference brings together the top labor economists in California annually to discuss their latest research. This year's conference will be hosted by UC San Diego on Monday, September 9 and Tuesday, September 10.

Prior conferences have been hosted by UC Davis, UCLA, UC Riverside, UC Santa Barbara, RAND, and the Federal Reserve Bank of San Francisco. Similar to previous conferences, there will be 8-10 papers presented at the conference, starting late Monday morning and ending early afternoon on Tuesday. There will also be a graduate student poster session Monday afternoon.

We will cover meals, as well as hotel on Monday night, for all registered participants (note that graduate students will be asked to share rooms). Participants are responsible for their own travel arrangements. **The deadline for registration is July 31.**
