Quarter by Quarter Plan
Joint Mathematics-Economics Degree (B.S.) EN 28
For TRANSFER students entering FA12 and later

The plan below does not include most of the upper-division Math classes since they are not always offered the same quarters each year. Please consult the link below for help in planning the Math classes: [http://www.math.ucsd.edu/resources/course_offerings/](http://www.math.ucsd.edu/resources/course_offerings/)

This plan assumes that **Econ 1, 3 and Math 20A, 20B, 20C, 20D, 20F** are completed before you arrive at UCSD. If you are missing any of the lower-division math courses, we recommend you come in and speak with an advisor for assistance in creating a custom quarter by quarter plan.
