HONORS

Students interested in Departmental Honors should meet with a department advisor for information on the requirements.

---

1 Students completing Math 31CH may substitute a four-unit upper-division mathematics elective for Math 109.
2 When choosing across the Math 140 or 142 series, it is recommended that students take Math 142.
3 Students are strongly encouraged to take Math 181B as an elective when choosing to take Math 181A. Math 181B will ensure better preparation for Econ 120C.
