ADVICE FROM THE CLASS OF 2020

RESOURCES
- Utilize the Intermediate Micro Video Series.
- Attend professor and TA office hours early on.
- Visit the PSET lab for help with Econ 100 & 120 series.

STUDY HABITS
- Go to all lectures and discussions.
- Do all practice problems even if these are not mandatory or graded.
- Read the book and notes before lecture.
- Create study groups with your peers.

NETWORKING
- Start building your network by joining student orgs.
- Attend career fairs to build connections.
- Talk to individuals working in the industry of your interest.

WORKPLACE ADVICE
- Learn STATA, Python, R, and SQL.
- Learn to code!
- Excel is an important resource for a job or graduate program.

GETTING INVOLVED
- Join the Undergraduate Economics Society (UES).
- Study Abroad!
- Get an internship through the Academic Internship Program (AIP) office or Career Services Center.
- Apply to be a Research Assistant, Undergraduate Instructional Apprentice (UIA) or PSET tutor.

COURSES
- Enroll in electives of your interest, as it is easier to study for topics you enjoy.
- A strong foundation in math is key for economic courses.
- Take complementary math courses that could further your understanding in economics.
- It may get difficult at times, but do not give up. Use your resources!

TRANSFER STUDENTS
- Get involved as soon as possible.
- Be aware that the quarter system is very different from the semester system.

PLANNING MAJORS & MAJORS
- Explore a minor or double major.
- Plan your quarterly schedules early.
- Be flexible when changing your schedule as course offerings are subject to change.
- Visit an economics advisor to plan your two or four year plans.
