

BEGIN THE
JOURNEY

FIRST YEAR

TRY TO:

- Attend an Economics New Student Info Session in Fall quarter during Welcome Week to learn what the department has to offer.

- Start taking your:
 - Econ 1 & 3 (& Econ 4 for MS majors).
 - Math classes, 20 series. Econ majors can take the 10 series, but if you are considering graduate or business school take the 20 series.
 - Writing classes. When it comes to getting into grad school or getting a job, good writing matters more than you think.

EXPLORE

- Explore the [different majors](#) in our department and see which one is the right fit for you.

- Get involved with [student organizations](#) related to economics. This is a great way to enhance networking and teambuilding skills.

- Create and update your resume & [co-curricular record](#) as you gain new experiences (jobs, volunteer work, involvement) during your time at UC San Diego.

- Make your professional presence known online. Attend a [Career Services Center](#) workshop to create a business-like [LinkedIn](#) and [Portfolio](#) profile.

BUILD YOUR RESUME

Consider joining a [student organization](#) related to economics.

Have a business idea?

Consider getting involved with [The Basement](#).
